(36x42, 28x34, 24x48)

Dear Sirs:

South Memorial Park Cemeteries have procedures in place when a memorial is ordered and to be placed for a family in one of our parks. These procedures were put in place to protect the memorial purchaser, lot owner and Outside Dealer.

Never send any monies unless requested by our Memorial Department. any monies sent to us that do not have the appropriate paperwork will be returned and could delay any work that needs to be performed.

Before ordering the memorial, you should have a current Outside Dealer Application, which has been submitted and approved by our Park Superintendent. Failure to obtain this prior to ordering may result in our refusal to allow memorial to be set, as the correct procedures were not followed.

Before calling to flag property, pour a foundation, or set a memorial, the following procedures are to be followed for South Memorial Park.

1. Outside Dealer must email or fax a current Outside Dealer Application along with a sketch, to our office. It must be signed by the Lot Owner and Purchaser. The application must have the size and material of the memorial as well as the inscription/emblems to be placed on the memorial. A sketch must accompany the application.
2. We will keep insurance information on file, it is the Outside Dealers responsibility to make sure we have a copy of their current insurance certificate. If your certificate has expired and you have not provided us with a current issued Copy, then any work will not be allowed to take place. The insurance paper(s) that must be provided is a Certificate of Liability in the amount of at least \$ 1,500.00.00 for General Liability with South Park and/or San Jacinto. being the Certificate holder (this should be listed in the bottom left hand corner of the Certificate..
3. Our Records Department will verify the property owner has signed the application and the property description is correct.
4. Once verified, the application will be given to our Park Superintendent for approval. The Park Superintendent then confirms the merchandise sold can be set on the property. Once verified, he will sign approved and return signed application to Memorial Dept.
5. Memorial Department will then EMAIL or mail (WE DO NOT FAX) a copy of the approved application to the dealer (We require at least 7 day for any approvals).. Depending on the type of work performed, i.e. Setting Fee or Flagging Fee for a Flat Memorial, the paperwork will be done at the time the work is to be performed or when the memorial is dropped off.

6. We will allow all Outside Dealers to pour their own foundations as long as they have the proper paperwork, and it is signed by the correct person at our facilities. Any Foundations that are poured, that does not Have the appropriate signatures on an Authorization to Pour Form will be removed and will be required to pay the Flagging/Setting Fee again as well as redo the Foundation. We do not allow any Pre-Fabbed Foundations. The Foundations must have Pilings/Footers and Rebar.
7. If you wish to have a Lot/Space flagged or wish to set a Memorial, we require a 72-hour notice. This also includes delivery of memorial.
8. Outside Dealer Representative must report to the Cemetery Office with a copy of the approved Outside Dealer Application. If the Outside Dealer Representative has not already provided the Cemetery Office with a copy of his general liability policy to keep on file, he must do so at that time. The Park Superintendent will be then be notified and meet him at the Cemetery office or the grave location.
9. Outside Dealer representative cannot set the memorial without the presence of the Park Superintendent.
10. Outside Dealer Representative cannot set a monument, flat marker, or any other form of memorialization until the property is paid in full.

These procedures involve the Outside Dealer and Cemetery Personnel only (Families calling or making inquiries, will be referred back to the Outside Dealer involved). The memorial purchaser and property owner will not be contacted or involved unless the Outside Dealer and South Park Cemetery Personnel see that it is necessary. This does not include our Family Service Staff or Funeral Home Staff that may have a continuing relationship pertaining to our services that we offer here at South Park.

SUMMARY OF MEMORIALS ALLOWED

The Following Rules and Regulations are a brief Summary of our on-sight Rules and Regulation policies. These Rules and regulations have been in effect since the park opened, they are as follows:

GENERAL RULES:
