6. Cemetery and Mausoleum Floral Policy:

a. Funeral flowers will be removed and discarded one week after an entombment or interment or sooner if they are unsightly.

b. After one week, the only provision for floral or other remembrances is an approved permanent aluminum, bronze or granite commercial floral vase installed by Klein Memorial Parks. Any items that are not contained within the permanent vase will be removed from the space and discarded. During holidays, birthdays, etc flowers and momentos placed on graves are allowed one week prior to the special occasion and will be removed and discarded one week after the special occasion or sooner if they become unsightly. Holidays are Resurrection Sunday, Mother’s and Father’s day, Memorial day, July 4, All Saint’s day, Thanksgiving & Christmas. Floral saddles are allowed on upright monuments but we are not responsible for scratches or stains.

c. Temporary vases, glass, metal, plastic, concrete or ceramic containers of any kind are not permitted. This includes vases, statues or any type of memento. Items placed in approved floral vases should be anchored with styrofoam very tightly to prevent blowing out into the cemetery. Klein Memorial Parks are not responsible for flowers or other remembrances at any time. Wire is not permitted as it is very dangerous around mowing equipment. Klein Memorial Parks are not responsible at any time for vandalism of any kind, i.e. damage to or theft of monuments, benches, vases, personal items including automobiles.

7. Landscaping:

a. It is our obligation to keep each grave at ground level, plant it with grass and keep it mowed so that it looks like a nicely mowed lawn. No plantings or curbing can be permitted since this prevents a mowing machine from keeping the grass cut.

b. No tree or plant installations of any kind shall be permitted at any time. Immediately after each interment, the grave is filled and leveled. As soon as weather permits, the site is sod or seeded. Until growing conditions are favorable and the turf has been established, burial areas may be substandard in appearance. A new grave requires repeated filling and leveling for considerable length of time. After the grave has stabilized, the overall appearance will improve. Meanwhile we request your understanding.

c. Klein Memorial Parks are not responsible for acts of nature or the accidental or intentional act of others or their property. Trees and shrubs are not a part of the sales agreement and will be replaced, or removed at the discretion of the park management in sizes and quantities as they deem appropriate.

d. Klein Memorial Parks cannot be responsible for any items that are placed in the park at any time.
